

src/ECSysytem/EventQueueElement.h

```
graph TD; A[src/ECSysytem/EventQueueElement.h] --> B[iostream]; A --> C[ctime]; A --> D[chrono]; A --> E[MessageType.h];
```

The diagram illustrates the dependencies of the header file `src/ECSysytem/EventQueueElement.h`. It is represented as a central box at the top with four arrows pointing downwards to four separate boxes below it. The boxes below are labeled `iostream`, `ctime`, `chrono`, and `MessageType.h`. The top box has a grey background, while the bottom boxes have white backgrounds.

iostream

ctime

chrono

MessageType.h
